The taxes collected from the production of gas shall be apportioned pursuant to the provisions of paragraph 3 of subsection B of Section 1004 of this title.

4. The production of oil, gas or oil and gas on or after July 1, 2011, and prior to July 1, 2015, from these qualifying wells shall be taxed at a rate of one percent (1%) until the expiration of forty-eight (48) months commencing with the month of initial production.

5. As used in this subsection, "horizontally drilled well" shall mean an oil, gas or oil and gas well drilled or recompleted in a manner which encounters and subsequently produces from a
geological formation at an angle in excess of seventy (70) degrees from vertical and which laterally penetrates a minimum of one hundred fifty (150) feet into the pay zone of the formation.

F. 1. Except as otherwise provided by this section, the severance or production of oil, gas or oil and gas from an inactive well shall be exempt from the gross production tax levied pursuant to subsection B of this section for a period of twenty-eight (28) months from the date upon which production is reestablished, provided however, that the exemption provided by this paragraph shall not apply to production occurring on or after July 1, 2017. This exemption shall take effect July 1, 1994, and shall apply to wells for which work to reestablish or enhance production began on or after July 1, 1994, and for which production is reestablished prior to July 1, 2017. For all such production, a refund against gross production taxes shall be issued as provided in subsection L of this section.

2. As used in this subsection, for wells for which production is reestablished prior to July 1, 1997, "inactive well" means any well that has not produced oil, gas or oil and gas for a period of not less than two (2) years as evidenced by the appropriate forms on file with the Corporation Commission reflecting the well's status. As used in this subsection, for wells for which production is reestablished on or after July 1, 1997, and prior to July 1, 2017, "inactive well" means any well that has not produced oil, gas or oil
and gas for a period of not less than one (1) year as evidenced by the appropriate forms on file with the Corporation Commission reflecting the well's status. Wells which experience mechanical failure or loss of mechanical integrity, as defined by the Corporation Commission, including but not limited to, casing leaks, collapse of casing or loss of equipment in a wellbore, or any similar event which causes cessation of production, shall also be considered inactive wells.

G. 1. Except as otherwise provided by this section, any incremental production which results from a production enhancement project shall be exempt from the gross production tax levied pursuant to subsection B of this section for a period of twenty-eight (28) months from the date of first sale after project completion of the production enhancement project; provided however, that the exemption provided by this paragraph shall not apply to production occurring on or after July 1, 2017. This exemption shall take effect July 1, 1994, and shall apply to production enhancement projects having a project beginning date on or after July 1, 1994, and prior to July 1, 2017. For all such production, a refund against gross production taxes shall be issued as provided in subsection L of this section.

2. As used in this subsection:

a. for production enhancement projects having a project beginning date on or after July 1, 1997, and prior to
July 1, 2017, "production enhancement project" means any workover as defined in this paragraph, recompletion as defined in this paragraph, reentry of plugged and abandoned wellbores, or addition of a well or field compression.

"incremental production" means the amount of crude oil, natural gas or other hydrocarbons which are produced as a result of the production enhancement project in excess of the base production.

"base production" means the average monthly amount of production for the twelve-month period immediately prior to the commencement of the project or the average monthly amount of production for the twelve-month period immediately prior to the commencement of the project less the monthly rate of production decline for the project for each month beginning one hundred eighty (180) days prior to the commencement of the project. The monthly rate of production decline shall be equal to the average extrapolated monthly decline rate for the twelve-month period immediately prior to the commencement of the project based on the production history of the well. If the well or wells covered in the application had production for less than the full twelve-month period prior to the filing
of the application for the production enhancement project, the base production shall be the average monthly production for the months during that period that the well or wells produced.

d. for production enhancement projects having a project beginning date on or after July 1, 1997, and prior to July 1, 2017, "recompletion" means any downhole operation in an existing oil or gas well that is conducted to establish production of oil or gas from any geologic interval not currently completed or producing in such existing oil or gas well within the same or a different geologic formation, and

e. "workover" means any downhole operation in an existing oil or gas well that is designed to sustain, restore or increase the production rate or ultimate recovery in a geologic interval currently completed or producing in the existing oil or gas well. For production enhancement projects having a project beginning date on or after July 1, 1997, and prior to July 1, 2017, "workover" includes, but is not limited to:

(1) acidizing,
(2) reperforating,
(3) fracture treating,
(4) sand/paraffin/scale removal or other wellbore cleanout,
(5) casing repair,
(6) squeeze cementing,
(7) installation of compression on a well or group of wells or initial installation of artificial lifts on gas wells, including plunger lifts, rod pumps, submersible pumps and coiled tubing velocity strings,
(8) downsizing existing tubing to reduce well loading,
(9) downhole commingling,
(10) bacteria treatments,
(11) upgrading the size of pumping unit equipment,
(12) setting bridge plugs to isolate water production zones, or
(13) any combination thereof.

"Workover" shall not mean the routine maintenance, routine repair, or like for like replacement of downhole equipment such as rods, pumps, tubing, packers, or other mechanical devices.

H. 1. For purposes of this subsection, "depth" means the length of the maximum continuous string of drill pipe utilized between the drill bit face and the drilling rig's kelly bushing.
2. Except as otherwise provided in subsection K of this section:

a. the production of oil, gas or oil and gas from wells spudded between July 1, 1997, and July 1, 2005, and drilled to a depth of twelve thousand five hundred (12,500) feet or greater and wells spudded between July 1, 2005, and July 1, 2015, and drilled to a depth between twelve thousand five hundred (12,500) feet and fourteen thousand nine hundred ninety-nine (14,999) feet shall be exempt from the gross production tax levied pursuant to subsection B of this section from the date of first sales for a period of twenty-eight (28) months; provided however, that the exemption provided by this subparagraph shall not apply to production occurring on or after July 1, 2017.

a. to the severance or production of oil, upon determination by the Tax Commission that the average annual index price of Oklahoma oil exceeds Thirty Dollars ($30.00) per barrel calculated on an annual calendar year basis, as adjusted for inflation using the Consumer Price Index-All Urban Consumers (CPI-U) as published by the Bureau of Labor Statistics of the
U.S. Department of Labor or its successor agency.

Such adjustment shall be based on the most current
data available for the preceding twelve-month period
and shall be applied for the fiscal year which begins
on the July 1 date immediately following the release
of the CPI-U data by the Bureau of Statistics.

(1) The "average annual index price" will be
calculated by multiplying the West Texas
Intermediate closing price by the "index price
ratio". The index price ratio is defined as the
immediate preceding three-year historical average
ratio of the actual weighted average wellhead
price to the West Texas Intermediate close price
published on the last business day of each month.

(2) The average annual index price will be updated
annually by the Oklahoma Tax Commission no later
than March 31 of each year.

(3) If the West Texas Intermediate Crude price is
unavailable for any reason, an industry benchmark
price may be substituted and used for the
calculation of the index price as determined by
the Tax Commission.

b- to the severance or production of oil or gas upon
which gross production taxes are paid at a rate of one
percent (1%) pursuant to the provisions of subsection
B of this section, and
to the severance or production of gas, upon
determination by the Tax Commission that the average
annual index price of Oklahoma gas exceeds Five
Dollars ($5.00) per thousand cubic feet (mcf)
calculated on an annual calendar year basis as
adjusted for inflation using the Consumer Price Index-
All Urban Consumers (CPI-U) as published by the Bureau
of Labor Statistics of the U.S. Department of Labor or
its successor agency. Such adjustment shall be based
on the most current data available for the preceding
twelve-month period and shall be applied for the
fiscal year which begins on the July 1 date
immediately following the release of the CPI-U data by
the Bureau of Statistics.

(1) The "average annual index price" will be
calculated by multiplying the Henry Hub 3-Day
Average Close price by the "index price ratio". The index price ratio is defined as the immediate
preceding three-year historical average ratio of
the actual weighted average wellhead price to the
Henry Hub 3-Day Average Close price published on
the last business day of each month.
(2) The average annual index price will be updated annually by the Oklahoma Tax Commission no later than March 31 of each year.

(3) If the Henry Hub 3-Day Average Close price is unavailable for any reason, an industry benchmark price may be substituted and used for the calculation of the index price as determined by the Tax Commission.

2. Notwithstanding the exemptions granted pursuant to subsections F, G, I, J, paragraph 1 of subsection E, and subparagraph a of paragraph 2 of subsection H of this section, there shall continue to be levied upon the production of petroleum or other crude or mineral oil or natural gas or casinghead gas, as provided in subsection B of this section, from any wells provided for in subsections F, G, I, J, paragraph 1 of subsection E, and subparagraph a of paragraph 2 of subsection H of this section, a tax equal to one percent (1%) of the gross value of the production of petroleum or other crude or mineral oil or natural gas or casinghead gas. The tax hereby levied shall be apportioned as follows:

a. fifty percent (50%) of the sum collected shall be apportioned to the County Highway Fund as provided in subparagraph b of paragraph 1 of subsection B of Section 1004 of this title, and
b. fifty percent (50%) of the sum collected shall be apportioned to the appropriate school district as provided in subparagraph c of paragraph 1 of subsection B of Section 1004 of this title.

Upon the expiration of the exemption granted pursuant to subsection E, F, G, H, I or J of this section, the provisions of this paragraph shall have no force or effect.

L. 1. Prior to July 1, 2015, and except as provided in subsection M of this section, for all oil and gas production exempt from gross production taxes pursuant to subsections E, F, G, H, I and J of this section during a given fiscal year, a refund of gross production taxes shall be issued to the well operator or a designee in the amount of such gross production taxes paid during such period, subject to the following provisions:

a. a refund shall not be claimed until after the end of such fiscal year. As used in this subsection, a fiscal year shall be deemed to begin on July 1 of one calendar year and shall end on June 30 of the subsequent calendar year,

b. unless otherwise specified, no claims for refunds pursuant to the provisions of this subsection shall be filed more than eighteen (18) months after the first day of the fiscal year in which the refund is first available,
e. no claims for refunds pursuant to the provisions of this subsection shall be filed by or on behalf of persons other than the operator or a working interest owner of record at the time of production,
d. no refunds shall be claimed or paid pursuant to the provisions of this subsection for oil or gas production upon which a tax is paid at a rate of one percent (1%) as specified in subsection B of this section, and
e. no refund shall be paid unless the person making the claim for refund demonstrates by affidavit or other means prescribed by the Tax Commission that an amount equal to or greater than the amount of the refund has been invested in the exploration for or production of crude oil or natural gas in this state by such person not more than three (3) years prior to the date of the claim. No amount of investment used to qualify for a refund pursuant to the provisions of this subsection may be used to qualify for another refund pursuant to the provisions of this subsection.

If there are insufficient funds collected from the production of oil to satisfy the refunds claimed for oil production pursuant to subsection E, F, G, H, I or J of this section, the Tax Commission
shall pay the balance of the refund claims out of the gross production taxes collected from the production of gas.

2. On or after July 1, 2015, for all oil and gas production exempt from gross production taxes pursuant to subsections F and G of this section during a given fiscal year, a refund of gross production taxes shall be issued to the well operator or a designee in the amount of such gross production taxes paid during such period, subject to the following provisions:

a. a refund shall not be claimed until after the end of such fiscal year. As used in this subsection, a fiscal year shall be deemed to begin on July 1 of one calendar year and shall end on June 30 of the subsequent calendar year,

No amount of investment used to qualify for a refund pursuant to the provisions of this paragraph may be used to qualify for another refund pursuant to the provisions of this paragraph.

If there are insufficient funds collected from the production of oil or gas to satisfy the refunds claimed for oil or gas production pursuant to subsection F or G of this section, the Tax Commission shall pay the balance of the refund claims out of the gross production taxes collected from either the production of oil or gas, as necessary.

3. Notwithstanding any other provisions of law, after the effective date of this act, no refund of gross production taxes shall be claimed for oil and gas production exempt from gross production taxes pursuant to subsections E, F, G, H, I and J of this section for production occurring prior to July 1, 2003.
4. Notwithstanding any other provision of this section, no claims for refunds pursuant to the provisions of subsections F, G, I and J and subparagraph a of paragraph 2 of subsection H of this section shall be filed or accepted on or after October 1, 2017.

Claims for refunds pursuant to the provisions of subsections F, G, I and J and subparagraph a of paragraph 2 of subsection H of this section for production periods ending on or before June 30, 2017, shall be paid pursuant to the provisions of this subsection. The claims for refunds referenced herein shall be paid in equal payments over a period of thirty-six (36) months. The first payment shall be made after July 1, 2018, but prior to August 1, 2018. The Tax Commission shall provide, not later than June 30, 2018, to the operator or designated interest owner, a schedule of rebates to be paid out over the thirty-six-month period.

N. 1. The Corporation Commission and the Tax Commission shall promulgate joint rules for the qualification for the exemptions provided for in this section and the rules shall contain provisions for verification of any wells from which production may be qualified for the exemptions. The Tax Commission shall adopt rules and regulations which establish guidelines for production of oil or gas after July 1, 2011, which is exempt from tax pursuant to the provisions of paragraph 1 of subsection E and subparagraphs b and e of paragraph 2 of subsection H of this section to remit tax at the reduced rate provided in paragraph 2 of subsection E and
2. Any person requesting any exemption shall file an application for qualification for the exemption with the Corporation Commission which, upon finding that the well meets the requirements of this section, shall approve the application for qualification.

3. Any person seeking an exemption shall:
   a. file an application for the exemption with the Tax Commission which, upon determination of qualification by the Corporation Commission, shall approve the application for an exemption, and
   b. provide a copy of the approved application to the remitter of the gross production tax.

4. The Tax Commission may require any person requesting an exemption to furnish necessary financial and other information or records in order to determine and justify the refund.

5. Upon the expiration of an exemption granted pursuant to this section, the Tax Commission shall collect the gross production tax levied pursuant to this section. If a person who qualifies for the exemption elects to remit his or her own gross production tax during the exemption period, the first purchaser shall not be liable to withhold or remit the tax until the first day of the month following the receipt of written notification from the person who is qualified for such exemption stating that such exemption has expired and
directing the first purchaser to resume tax remittance on his or her behalf.

O. 1. Prior to July 1, 2015, persons shall only be entitled to either the exemption granted pursuant to subsection D of this section or the exemption granted pursuant to subsection E, F, C, H, I or J of this section for each oil, gas or oil and gas well drilled or recompleted in this state. However, any person who qualifies for the exemption granted pursuant to subsection E, F, C, H, I or J of this section shall not be prohibited from qualification for the exemption granted pursuant to subsection D of this section, if the exemption granted pursuant to subsection E, F, C, H, I or J of this section has expired.

2. On or after July 1, 2015, all persons shall only be entitled to either the exemption granted pursuant to subsection D of this section or the exemption granted pursuant to subsection F or G of this section for each oil, gas, or oil and gas well drilled or recompleted in this state. However, any person who qualifies for the exemption granted pursuant to subsections F and G of this section shall not be prohibited from qualification for the exemption granted pursuant to subsection D of this section if the exemption granted pursuant to subsection F or G of this section has expired. Further, the exemption granted pursuant to subsection D of this section shall not apply to any production upon which a tax is paid at a rate of two percent (2%).
P. The Tax Commission shall have the power to require any such person engaged in mining or the production or the purchase of such asphalt, mineral ores aforesaid, oil, or gas, or the owner of any royalty interest therein to furnish any additional information by it deemed to be necessary for the purpose of correctly computing the amount of the tax; and to examine the books, records and files of such person; and shall have power to conduct hearings and compel the attendance of witnesses, and the production of books, records and papers of any person.

Q. E. Any person or any member of any firm or association, or any officer, official, agent or employee of any corporation who shall fail or refuse to testify; or who shall fail or refuse to produce any books, records or papers which the Tax Commission shall require; or who shall fail or refuse to furnish any other evidence or information which the Tax Commission may require; or who shall fail or refuse to answer any competent questions which may be put to him or her by the Tax Commission, touching the business, property, assets or effects of any such person relating to the gross production tax imposed by this article or exemption authorized pursuant to this section or other laws, shall be guilty of a misdemeanor, and, upon conviction thereof, shall be punished by a fine of not more than Five Hundred Dollars ($500.00), or imprisonment in the jail of the county where such offense shall have been committed, for not more than one (1) year, or by both such fine
and imprisonment; and each day of such refusal on the part of such
person shall constitute a separate and distinct offense.

R. F. The Tax Commission shall have the power and authority to
ascertain and determine whether or not any report herein required to
be filed with it is a true and correct report of the gross products,
and of the value thereof, of such person engaged in the mining or
production or purchase of asphalt and ores bearing minerals
aforesaid and of oil and gas. If any person has made an untrue or
incorrect report of the gross production or value or volume thereof,
or shall have failed or refused to make such report, the Tax
Commission shall, under the rules prescribed by it, ascertain the
correct amount of either, and compute the tax.

S. G. The payment of the taxes herein levied shall be in full,
and in lieu of all taxes by the state, counties, cities, towns,
school districts and other municipalities upon any property rights
attached to or inherent in the right to the minerals, upon producing
leases for the mining of asphalt and ores bearing lead, zinc, jack
or copper, or for oil, or for gas, upon the mineral rights and
privileges for the minerals aforesaid belonging or appertaining to
land, upon the machinery, appliances and equipment used in and
around any well producing oil, or gas, or any mine producing asphalt
or any of the mineral ores aforesaid and actually used in the
operation of such well or mine. The payment of gross production tax
shall also be in lieu of all taxes upon the oil, gas, asphalt or
ores bearing minerals hereinbefore mentioned during the tax year in
which the same is produced, and upon any investment in any of the
leases, rights, privileges, minerals or other property described
herein. Any interest in the land, other than that herein
enumerated, and oil in storage, asphalt and ores bearing minerals
hereinbefore named, mined, produced and on hand at the date as of
which property is assessed for general and ad valorem taxation for
any subsequent tax year, shall be assessed and taxed as other
property within the taxing district in which such property is
situated at the time.

T. H. No equipment, material or property shall be exempt from
the payment of ad valorem tax by reason of the payment of the gross
production tax except such equipment, machinery, tools, material or
property as is actually necessary and being used and in use in the
production of asphalt or of ores bearing lead, zinc, jack or copper
or of oil or gas. Provided, the exemption shall include the
wellbore and non-recoverable down-hole material, including casing,
actually used in the disposal of waste materials produced with such
oil or gas. It is expressly declared that no ice plants, hospitals,
office buildings, garages, residences, gasoline extraction or
absorption plants, water systems, fuel systems, rooming houses and
other buildings, nor any equipment or material used in connection
therewith, shall be exempt from ad valorem tax.
U. The exemption from ad valorem tax set forth in subsections S and T of this section shall continue to apply to all property from which production of oil, gas or oil and gas is exempt from gross production tax pursuant to subsection D, E, F, G, H, I or J of this section.

SECTION 9. AMENDATORY 68 O.S. 2011, Section 1004, as last amended by Section 2, Chapter 355, O.S.L. 2017 (68 O.S. Supp. 2017, Section 1004), is amended to read as follows:

Section 1004. A. As used in this section:

1. "Moving five-year average amount for gas" means, for purposes of the apportionments prescribed by this section, the amount of gross production tax on natural gas collected for each of the five (5) complete fiscal years, as computed by the State Board of Equalization pursuant to Section 34.103 of Title 62 of the Oklahoma Statutes; and

2. "Moving five-year average amount for oil" means, for purposes of the apportionments prescribed by this section, the amount of gross production tax on oil collected for each of the five (5) complete fiscal years, as computed by the State Board of Equalization pursuant to Section 34.103 of Title 62 of the Oklahoma Statutes.

B. Beginning July 1, 2017, the gross production tax provided for in Section 1001 of this title is hereby levied and shall be collected and apportioned as follows:
1. For all monies collected from the tax levied on asphalt or ores bearing uranium, lead, zinc, jack, gold, silver or copper:
