SECTION 1. AMENDATORY Section 4, Chapter 159, O.S.L. 2012 (63 O.S. Supp. 2016, Section 1-745.14), is amended to read as follows:

Section 1-745.14. A. Any abortion provider who knowingly performs or induces any abortion shall comply with the requirements of the Heartbeat Informed Consent Act.

B. Prior to a woman giving informed consent to having any part of an abortion performed or induced, if the pregnancy is at least eight (8) six (6) weeks after fertilization, the abortion provider who is to perform or induce the abortion or an agent of the abortion provider shall tell the woman that it may be possible to make
determine if the embryonic or fetal heartbeat of the unborn child is audible for the pregnant woman to hear and ask the woman if she would like to hear the heartbeat. If the woman would like to hear the heartbeat, the abortion provider shall, using a Doppler fetal heart rate monitor, make the embryonic or fetal heartbeat of the unborn child audible for the pregnant woman to hear. No physician shall perform an abortion if the physician determines the embryonic or fetal heartbeat is audible. 2. That attempt does not result in the heartbeat being made audible; and

3. The provider has offered to attempt to make the heartbeat audible at a subsequent date.

C. Nothing in this section shall be construed to prevent the pregnant woman from not listening to the sounds detected by the
Doppler fetal heart rate monitor pursuant to the requirements of subsection B of this section.

SECTION 2. This act shall become effective November 1, 2017.
