C. For purposes of this section, no visitor may sample more than a total of twelve (12) fluid ounces of the charitable collaboration beer per day. The brewer must restrict the distribution and consumption of charitable collaboration beer samples to an area within the licensed premises designated by the brewer. A current floor plan that includes the designated sampling area must be on file with the ABLE Commission. No visitor under twenty-one (21) years of age shall be permitted to enter this designated sampling area when samples are being distributed or consumed. Samples of the charitable collaboration beer served by a
collaborating brewery under this section shall not be considered a sale of beer within the meaning of Article XXVIII-A of the Oklahoma Constitution or Section 1-103 of Title 37A of the Oklahoma Statutes; however, such samples of the charitable collaboration beer shall be considered beer removed or withdrawn from the brewery for use or consumption within the meaning of Section 5-110 of Title 37A of the Oklahoma Statutes for excise tax determination and reporting requirements. Sales and sampling may only occur between the hours of 10:00 a.m. and 2:00 a.m.

E. The ABLE Commission shall promulgate rules, forms and fees to implement and enforce the charitable collaboration brewer license.
F. When more than one Oklahoma-licensed brewer makes application to the ABLE Commission to develop a charitable collaboration beer offering and seeks to obtain a charitable collaboration brewer license, the ABLE Commission shall evaluate the application based upon any of the following:

1. Whether the collaboration has a legitimate charitable purpose in this state, another state or a national charitable effort;

2. Whether the formula needs approval by any federal regulatory authority;

3. Whether the Oklahoma Tax Commission has been notified of the request for a tax exemption to allow the collaborators to transfer-in-bond products between the licensed premises of the collaborating brewers and whether the Tax Commission approves such transfer-in-bond;

4. The license standing of each licensed collaborating brewer in this state, including, but not limited to, any required storage licenses.

Upon consideration of the application facts and detailed plans submitted by the collaborating brewers, the ABLE Commission shall make its determination whether or not to issue the charitable collaboration brewer license. Upon approval of a charitable collaboration brewer license, such license shall be issued to both licensed brewers for the development and manufacture of a charitable
collaboration beer offering. Each licensed brewer shall be required
to post the charitable collaboration brewer license at their
licensed premises and such license number shall be clearly affixed
to any alcohol products stored or transferred-in-bond between the
collaborating breweries. The charitable collaboration beer offering

according to the label requirements promulgated by the ABLE
Commission rules.
