This act shall be known and may be cited as the "Right to Earn a Living Act."

SECTION 2. NEW LAW A new section of law to be codified in the Oklahoma Statutes as Section 950.2 of Title 40, unless there is created a duplication in numbering, reads as follows:

As used in this act:
1. "Agency" shall be broadly construed to include the state, all agencies, boards and commissions of state government and all political subdivisions of the state and shall exclude no entity established under the constitution or laws of the state or established by any entity which was itself established under the constitution or laws of the state;

2. "Occupational license" means a nontransferable and exclusive authorization in law in which the legislature establishes the personal qualifications necessary to engage in any occupation or profession;

3. "Occupational regulations" shall include any regulation, rule, policy, fee, condition, test, permit, administrative practice, or other provision in which an agency or board establishes the personal qualifications necessary to engage in any occupation or profession. 5. "Specialty occupational license for medical reimbursement" means a nontransferable authorization in law for an individual to qualify for payment or reimbursement from a government agency for the non-exclusive provision of medical services based on meeting
personal qualifications established by the Legislature. A private company may recognize this credential;

6. "Welfare" shall be narrowly construed to encompass protection of members of the public against fraud or harm. This term shall not encompass the protection of existing businesses or agencies, whether publicly or privately owned, against competition; and

7. "Subsidy" shall include taxes, grants, user fees or any other funds received by or on behalf of an agency.

SECTION 3. NEW LAW

A new section of law to be codified in the Oklahoma Statutes as Section 950.3 of Title 40, unless there is created a duplication in numbering, reads as follows:

All occupational regulations shall be limited to those demonstrably necessary and carefully tailored to fulfill legitimate public health, safety or welfare objectives.

SECTION 4. NEW LAW

A new section of law to be codified in the Oklahoma Statutes as Section 950.4 of Title 40, unless there is created a duplication in numbering, reads as follows:

A. Within one year following enactment, every agency shall conduct a comprehensive review of all occupational regulations and occupational licenses within their jurisdictions, and for each it shall:

1. Articulate with specificity the public health, safety or welfare objective(s) served by the regulation;
2. Articulate the reasons why the regulation is necessary to serve the specified objectives;

3. Analyze, where information is readily available, the effects of regulation on opportunities for workers, consumer choices and costs, general unemployment, market competition, governmental costs and other effects; and

4. Compare the regulation to whether and how other states regulate the business or profession.

B. To the extent the agency finds any regulation that does not satisfy the standard set forth in Section 3 of this act, it shall:

1. Repeal the occupational regulation or modify the occupational regulation to conform with the standard of Section 3 of this act if such action is within the agency's authority to do so; or

2. Recommend to the Legislature actions necessary to repeal or modify the occupational license or occupational regulation to conform to the standard of Section 3 of this act if such action as it relates to an occupational regulation is not within the agency's authority.

C. Within fifteen (15) months following enactment, each agency shall report to the Legislature on all actions taken to conform with this section.
SECTION 5. NEW LAW A new section of law to be codified in the Oklahoma Statutes as Section 950.5 of Title 40, unless there is created a duplication in numbering, reads as follows:

A. Any person may petition any agency to repeal or modify any occupational regulation within its jurisdiction.

B. Within ninety (90) days of a petition filed under subsection A of this section, the agency shall either repeal the occupational regulation, modify the regulation to achieve the standard set forth in Section 3 of this act, or state the basis on which it concludes the regulation conforms with the standard set forth in Section 3 of this act.

SECTION 6. NEW LAW A new section of law to be codified in the Oklahoma Statutes as Section 950.6 of Title 40, unless there is created a duplication in numbering, reads as follows:

A. Whether or not a petition is filed pursuant to Section 5 of this act, any person may file an action in a court of general jurisdiction to challenge an occupational regulation.

B. With respect to the challenge of an occupational regulation, the plaintiff shall prevail if the court finds by a preponderance of evidence that the challenged occupational regulation on its face or in its effect burdens the entry into a profession or occupation; and either:

1. That an agency has failed to prove by a preponderance of evidence that the challenged occupational regulation is not
demonstrably necessary and carefully tailored to fulfill legitimate public health, safety or welfare objectives; or

2. Where the challenged occupational regulation is necessary to the legitimate public health, safety or welfare objectives, such objectives can be effectively served by using a less restrictive regulation, as defined in Section 2 of this act, which is less burdensome to economic opportunity.

C. Upon a finding for the plaintiff, the court shall enjoin further enforcement of the challenged occupational regulation, and shall award reasonable attorney fees and costs to the plaintiff.

SECTION 7. This act shall become effective January 1, 2020.
