Fiscal Analysis

Analysis provided by the Tax Commission:

This measure proposes to amend 47 O.S § 1115 by allowing commercial vehicle owners to register three or more commercial vehicles at the same time even if they were previously registered in different months. The month in which the commercial vehicles are newly registered shall be the month in which their registration is renewed annually. It provides for the commercial vehicle registration to be prorated at the time of renewal if previously registered in the same calendar year.

A minimal impact to motor vehicle collections is projected.
