Research Analysis

SB 1125 directs the State Board of Education to issue a teaching certificate to anyone with a valid out-of-state teaching certificate. The measure exempts the person with the out-of-state certificate from taking competency exams, as long as their local certificate is only for the subjects and grades most closely aligned to the subjects and grades recognized on their out-of-state certificate. The person must have on file a current Oklahoma criminal history record check from the OSBI as well as a national criminal history record check.
