Bill Analysis

HB 3967 declares that Israel is a prominent trading partner of the State of Oklahoma and that the state should not boycott Israel. The measure prohibits the state from entering into any contract with a company unless the company submits a written certification that the company is not currently engaged in a boycott of goods or services from Israel. The prohibition and written certification requirement is applicable to any contract for the acquisition of goods or services with an aggregate value of more than \$100,000.00 and may be waived by the Secretary of State if the secretary determines that compliance is not practicable.
