

Bill Summary
2nd Session of the 57th Legislature

Bill No.:	SB 1688
Version:	INT
Request No.:	3617
Author:	Sen. Bergstrom
Date:	01/22/2020

Bill Analysis

SB 1688 creates the Oklahoma Droneport Project Pilot Program within the Oklahoma Aeronautics Commission. The Program is directed to coordinate with local communities to develop the economic potential of the Unmanned Aerial Systems industry. The Program will introduce droneports to potential communities, select communities to participate in the Program, provide training and systems, provide support for FAA applications to fly drones, prepare communities to attract commercial traffic to their droneports, and facilitate networking of droneports. The measure also creates the Oklahoma Droneport Project Revolving Fund.
