Bill Analysis

SB 1947 creates the COVID19 Product Protection Act. The measure defines a qualified product to include personal protection equipment, medical devices, or supplies used to treat COVID-19 including products that are used or modified for an unapproved use to treat COVID-19 or prevent the spread of COVID-19. Entities that utilize qualified products are exempted from any civil liability that may emerge out of an injury or death related to the use of such products. The provisions of the measure also apply to persons or entities that do not manufacture or design such products in the normal course of business. This immunity shall not apply under certain circumstances. The provisions of the measure shall apply to any claim arising on or after the emergency declared by the Governor of Oklahoma related to COVID-19 by Executive Order 2020-07 on March 15, 2020.
